MESSAGE FROM FIBA EUROPE PRESIDENT AND FIBA EXECUTIVE DIRECTOR EUROPE

Following on from the Qualifiers for the FIBA Basketball World Cup, the 2017-2021 cycle of FIBA's New Competition System will resume in November 2019 with the Qualifiers for the Continental Cups, with 32 European teams set to compete for a spot at FIBA EuroBasket 2021.

For several teams the journey already began in 2017 with the Pre-Qualifiers and the race will heat up with the windows deciding the 24 teams to participate in Europe's flagship event and fight for the coveted title of European champions.

At FIBA Europe, we are pleased to see that this new era has tipped off successfully, with the combined efforts of all stakeholders bringing basketball home. We are convinced that the exposure for the National Member Federations will grow further in the FIBA EuroBasket 2021 Qualifiers, with fans following their national teams closely - in the arenas, on TV and through social media.

Building on the expertise and considering the feedback from the first set of Qualifiers, we will keep accompanying the National Member Federations on their path and supporting them in organizing the games in a professional and beneficial way. This Handbook for the FIBA EuroBasket 2021 Qualifiers covers all aspects of the game organization and serves as the main source of information for all parties involved.
